

THINK-TANK IN OTOLARYNGOLOGY

ENT Innovations and pearls

Module 1: New technology for OSAS

Speaker

Prof. Peter Michael Baptista Jardin

Professor of Otolaryngology

Department of Otolaryngology-Head & Neck Surgery, Faculty of Medicine, University of Navarra, Spain

Biography

He trained in the field of Otorhinolaryngology with special interests in the field of sleep apnea surgery with the use of new techniques, advanced endoscopic sinus and anterior skull-base surgery. His practice includes vast experience in head and neck surgery. Pioneer surgeon, he performed the first hypoglossal nerve stimulation implant and the first Robotic Da Vinci surgery of the head and neck in Spain. His medical experience encompasses the use of surgical devices with an interest in enhancing the work of biomedical research by developing new procedures and improving surgical skills and techniques. He has published papers in reputable international journals. Editorial Board Member and reviewer of prestigious journals.
