Dott.ssa Tiziana Salviato

S.C. Anatomia Patologica e Citopatologia, Istituto Nazionale Tumori, IRCCS Fondazione G. Pascale

Target Audience

The course is intended for Medical Doctors (all specialties), Biologists, and Biomedical Laboratory Technicians, with a maximum capacity of 100 participants.

Certificate Awarded

Participants will receive a Certificate of Attendance issued by the Università Campus Bio-Medico di Roma and an ECM certificate with corresponding **14 credits**.

Duration: 14 hours.

Course Venue

Università Campus Bio-Medico di Roma Via Álvaro del Portillo, 21 – 00128 Rome (IT) We organize in Rome two-day meeting on controversial topics on melanocytic lesions, lymphoid neoplasms and soft tissue tumors of the skin. The teaching program includes lectures and slide seminars and is aimed at emphasizing practical microscopic issues for the diagnostician mainly through the application of conventional histology, with reference to the appropriate ancillary diagnostic techniques.

The course is designed for practicing surgical pathologists, dermatologists, biologists.

Learning Objectives

This event includes lectures and slide seminars designed to highlight practical diagnostic challenges through the application of conventional histology and ancillary diagnostic techniques.

NATIONAL EDUCATIONAL OBJECTIVE

1 - Application of evidence-based practice principles and procedures (EBM - EBN - EBP) in daily practice.

Registration Process

Registration is mandatory. To register, please click on the following link https://ecm.unicampus.it/ event/Dermatopathology-2025 and follow the course registration procedures. The registration fee is € 250.00, VAT exempt under Article 10.

Note: The registration fee is non-refundable under any circumstances.

For residents, registration is free.

RESHAPE YOUR SKILLS

The UCBM Academy supports post-graduate education at Università Campus Bio-Medico di Roma through programs aligned with the latest industry trends and the most pressing labor market needs. These programs are often developed in partnership with companies, incubators, and business accelerators.

UCBM Academy is both a physical and virtual space where the continuous sharing of knowledge generates value and enhances employability in the healthcare, technology, and nutrition sectors, addressing the urgent challenges of innovation and sustainability.

Accredited ECM Provider

UCBM Academy ranked first in the 2018 ECM Provider ranking in the university category. In close collaboration with the clinical and educational departments of the university, it designs seminars, workshops, conferences, and innovative training modules for healthcare professionals.

Additionally, UCBM Academy works with the Human Resources Department of the University to coordinate and manage the ECM training for the healthcare staff of the Fondazione Policlinico Universitario Campus Bio-Medico.
