Innovations and pearls

Module 9: Laryngo-pharyngeal reflux disease: what's new?

Speaker

Prof. Elena Cantone

Associate Professor of Otolaryngology University of Naples Federico II Naples, Italy

After earning her degree in medicine and surgery at the University of Naples Federico II, Dr Cantone continued her medical training there, specializing in otolaryngology. She later acquired a master's in nasal cytology and in rhinoallergology and subsequently went on earning a PhD in molecular pathology and pathophysiology.

Dr Cantone's areas of research include chronic rhinosinusitis and chemosensory research. She is currently a member of the international Global Consortium for Chemosensory Research, which conducts scientific studies to determine the possible effects of respiratory illnesses on smell and taste. She is the author of numerous publications in national and international medical journals.

Moderator

Prof. Casale Manuele
